### **Tanga Cement PLC Donates a block of laboratory to Pongwe Secondary School**

**Tanga, 17 March 2017** – Tanga Cement Public Limited Company, has handed over a block of laboratory to Pongwe Secondary School which the company built as part of its Corporate Social Investment which aims at supporting Tanzanian communities. The total cost of the project is Tzs 97782708.

Speaking during the handing-over ceremony, Tanga Cement Plc's Logistic and Distribution Manager Mr Samwel Shoo said; "As a Company, Tanga Cement PLC has been supporting the Tanzanian community by sharing our profit with them. We normally give back to the community, 1% of our profit, while focusing on the areas of education, health, community development and environment".

He further added; "The future of Tanzania depends on the generation we support today. I believe this group of students we support today is where we found future employees of Tanga Cement PLC such as Engineers that will come to run our plant. For a better future you have to educate this generation. And to you students, I urge you to handle with care all that have been given it can be benefit other students that will come to this school. Make sure the laboratory that we're handing over to your school today adds more impact in your studies and life in general.

Tanga Cement PLC has been supporting government initiatives of developing the education sector by donating cement, constructing classrooms, staff houses, laboratories, etc. We call upon other firms to join hands with Tanga Cement in supporting various projects in our country.
